## **Introduction**

Lingaya's Vidyapeeth, Faridabad (Deemed to be University), is committed to transform lives and serve the society through pursuit of excellence in teaching, innovation, lifelong learning, cultural enrichment and outreach services. Lingaya's Vidyapeeth came into existence by deemed status under section 3 of UGC Act 1956 in 2009, with the objective to promote inter-disciplinary higher education and research in the different fields.

Lingaya's Vidyapeeth realizes sustainable and holistic waste management essential in reducing its environmental footprint and providing a safe and healthy work environment for teaching and non-teaching employees, students, and visitors.

The University has a duty to ensure that all the campus wastes are disposed of responsibly by using proper waste segregation mechanism at the source and if possible, converting it into value added environment friendly product. Furthermore, the medical and other hazardous waste should be disposed or managed by government approved, registered waste contractors. The purpose of the policy is to facilitate implementation of the action plan brought out in "National Environment Policy 2006" on management aspects of hazardous waste including their minimization, environmentally sound management and active promotion of transfer and use of cleaner technologies.

## **2. Policy Statement**

The University will adopt the principles of the 'best practicable environmental option' in the delivery of its waste management services. The University will apply a 'waste hierarchical approach', to reduce, reuse, recycle and recover waste products in preference to the disposal of waste to landfill.

The University recognizes the importance of meeting these legal requirements and to manage its waste responsibly, reduce the volume of waste sent to landfill and maximize reuse and recycling where possible.

The University requires all the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy and associated "University Environmental Guidance" to ensure compliance with all waste legislations. Any solid waste generated in the campus shall be managed and handled in accordance with the compliance criteria and the procedure laid down in Municipal Solid Wastes (Management and Handling) Rules, 1999, published under the notification of the Government of India in the Ministry of

For LINGAYA'S VIDYAPEETH

  
Registrar

Environment and Forests number S.O. 783(E), dated, the 27th September, 1999 in the Gazette of India, Part II, Section 3, Sub-section (ii).

There is a legal requirement for all who produce, keep or dispose hazardous/radioactive waste/chemical waste of any type to comply with the various regulations under national and international environmental protection legislation.

### 3. Policy Objectives

The objectives of this policy are:

- ✓ To ensure that waste management is performed in accordance with all waste legislative requirements, including the duty of care, and to plan for future legislative changes and to mitigate their effects.
- ✓ To minimize waste generation at source and facilitate repair, reuse and recycling over the disposal of wastes in a cost-effective manner.
- ✓ To provide clearly defined roles and responsibilities to identify and co-ordinate each activity of the waste management.
- ✓ To promote environmental awareness in order to increase and encourage waste minimization, reuse and recycling.
- ✓ To invest into the expansion of recycling opportunities on the University campus and transform waste into value added products.
- ✓ To ensure the safe handling and storage of wastes on university campus.
- ✓ To provide appropriate training for teacher, resident, staff, students and other stakeholders on waste management issues.
- ✓ To promote holistic approach of waste management in the campus.

### 4. Organization and Management

The responsibilities and organizational arrangements for this Waste Management Policy lie with a variety of personnel within the University.

#### ▪ Advisory Board

- a. Vice-Chancellor- Chairman
- b. Dean Academic Affairs
- c. Dean (Life Sciences, Physical Sciences and Pharmaceutical Sciences)
- d. Co-ordinator (ESMC)- Member Secretary
- e. Executive Engineer
- f. Director UCC
- g. Two outside experts (to be nominated by the Vice-Chancellor)

- **Function of Advisory Board**

- i). Coordinating the provision of a central waste and recycling contract service for use by all facilities on the campus.
- ii). Ensuring that all contractors are advised that they must comply with the Duty of Care; that they must comply with the University's Waste Management Policy.
- iii). Ensuring that all contractors appointed to carry out works are from the government 'approved list'.

- **Co-ordinator, Environment Sustainability Management Cell (ESMC), Maharshi Dayanand University is responsible for:**

- i). Provision of advice and guidance to the University on waste management.
- ii). Setting Environmental Performance Indicators for waste management.
- iii). Reporting annually to the University on progress against the 'Environmental Performance Indicators'.
- iv). Monitoring and auditing the management systems for all wastes, to ensure safety and legal compliance.
- v). Monitoring and auditing all waste contractors working for the University.
- vi). Provision of appropriate training for all personnel who have responsibilities for waste management.
- vii). Coordinating the gathering of, and supplying all relevant information to appropriate enforcement agencies, when information relating to waste management is requested.
- viii). Investigation of any incidents or spillage relating to all type of hazardous and general waste management.

- **Support staff is**

Responsible for:

- i). Overseeing the day to day delivery of general waste and their recycling services.
- ii). Monitoring the performance of the university contractor against the contact agreements.
- iii). Liaising with the "Environment Sustainability Management Cell" to establish standard procedures for managing waste on the University campus.
- iv). Operational monitoring of waste management systems across the campus.

v). Compiling waste transfer data and statistics notes for centrally managed waste and recycling collections.

▪ **Heads of Department/Directors are**

Responsible for:

*i). Non-hazardous Wastes*

Ensuring that no hazardous waste is disposed of through the general or waste recycling streams.

*ii). Hazardous Wastes;*

Nominating a '*responsible person*' within their department to coordinate waste disposal for any hazardous or laboratory wastes.

*iii).* Informing the **Environment Sustainability and Management Cell**, about the nominated '*responsible person*' and updating the cell if and when the '*responsible person*' changes. The tenure of the person will be minimum two year.

▪ **Staff/Supervisor (contractual) will be**

Responsible for:

i). Disposing of waste responsibly (**at both office and residence**), through the appropriate waste disposal system (segregation of waste), in accordance with University policy and procedures.

ii). Reporting any problems with waste collection schemes to ESMC of the University.

▪ **Students will be**

Responsible for:

i). Disposing of waste responsibly, through the appropriate waste disposal system, in accordance with University policy and procedures.

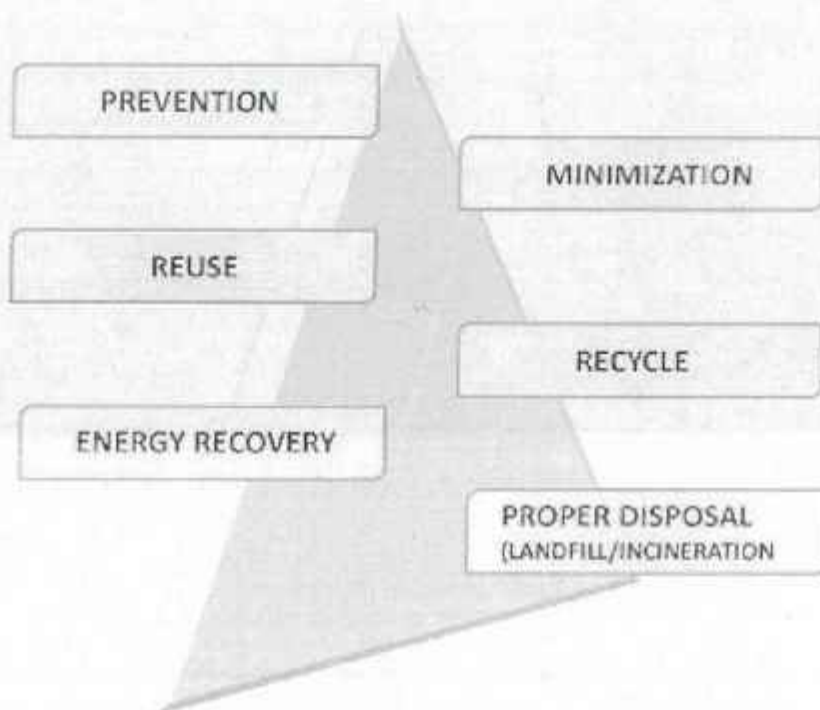

ii). Reporting any problems related department/laboratory waste or waste collection procedure to the 'Head of Department'.

## 5. Action Plan

It will be mandatory on the part of the Head of the department/ Principle Investigator (Project)/ in-charge (Animal House) to report changes/additions in hazardous waste generation and steps taken to reduce generation of waste per unit of production. As per the Hazardous Waste regulations, University can store hazardous waste for a period not

exceeding 90 days and shall maintain a record of sale, transfer, storage, recycling and reprocessing of such wastes unless the concerned State Pollution Control Board has extended the stipulated period. The waste could either be recycled /reused or disposed of in captive or common treatment, storage and disposed facilities available in the campus or incinerated, as proposed in the waste hierarchy list (Fig. 1). Inventories of 'end of life' consumer products such as e-waste are also required to be made.

**Fig. 1. Waste Hierarchy list in order of preference from the most favourable (top) to the least (bottom).**

#### **Waste avoidance and waste minimization at source**

In the hierarchy of waste management, waste avoidance and waste minimization have to be attempted first, for which dissemination of information on technological options should be a continuing exercise. Promote implementation of recovery of resources such as solvents, other reagents and by-products as well as re-generation of spent catalysts in a time frame manner.

#### **Reuse, recovery and recycling of non-hazardous waste**

For LINGAY'S VIDYAPEETH  
*[Signature]*  
Registrar

University will explore options/ opportunities of reusing, recovery and recycling of non-hazardous waste in an environmentally sustainable manner. Paper waste will be recycled to make paper board and packing material. The toxic inks and dyes of the paper will be treated with enzyme technology, which is environmentally benign.

#### **Safe disposal of hazardous waste**

For the waste which cannot be recycled/ reused, safe and environmentally sound disposal will be adopted depending upon waste category. Design and operation norms of disposal facilities should be strictly adhered to as per the guidelines framed by CPCB.

#### **Setting up of common Treatment, Storage and Disposal Facilities**

Common treatment plant for the departmental and house hold waste will be established and the degradable and non-biodegradable waste will be segregated and treated according to their physical nature.

#### **Note:**

- a) Activities concerning establishment and utilization of nuclear facilities and use of radioactive sources are to be carried out in India in accordance with the relevant provisions of the Atomic Energy Act, 1962.
- b) Animal house/bio-medical waste management and disposal will be governed by Bio-Medical Waste (Management and Handling) Rules, 1998, MoEF, Gov. of India.

## **6. Glossary**

### **Hazardous Waste**

Waste that causes substantial or potential threats to public health or the environment e.g. Acids, Pesticides, Fluorescent Tubes, Alkaline Solutions, Photographic Chemicals, Batteries Waste Oils Paint, Solvents, Computer Monitors, radioactive substances.

### **Recycling**

The diversion of waste away from landfill or incineration and the reprocessing of those wastes either into the same product or a different one. This mainly includes non-hazardous wastes such as organic waste, wood, paper, glass, cardboard, plastic and scrap metal.

### **Responsible person**

The person who oversees the wastes to be removed from the premises at which it was produced or is being held.

FOR LINGAYAT'S VIDYAPEETH

  
The Centre

## **Waste**

According to United Nations Statistics Division (UNSD), waste is "materials that are not prime products (that is, products produced for the market) for which the generator has no further use in terms of his/her own purposes of production, transformation or consumption, and of which he/she wants to dispose. Wastes may be generated during the extraction of raw materials, the processing of raw materials into intermediate and final products, the consumption of final products, and other human activities. Residuals recycled or reused at the place of generation are excluded."

## **Incident**

Events that are distinguished from accidents in terms of being less severe.

## **Segregation**

An activity where waste or materials are separated or are kept separate according to radiological, chemical and/or physical properties to facilitate waste handling and/or processing.

## **Treatment and disposal of "Biomedical Waste"**

(a) Bio-medical waste shall be treated and disposed of in accordance with Schedule I, and in compliance with the standards prescribed in Schedule V, Bio-Medical Waste (Management and Handling) Rules, 1998, MoEF, Gov. of India.

(b) Every occupier, where required, shall set up in accordance with the time-schedule in Schedule VI, requisite bio-medical waste treatment facilities like incinerator, autoclave, microwave system for the treatment of waste, or, ensure requisite treatment of waste at a common waste treatment facility or any other waste treatment facility.

## **Biomedical waste**

waste, which is generated during the diagnosis, treatment or immunization of human beings or animals or in research activities pertaining thereto or in the production or testing of biologicals, and including categories mentioned in Schedule I, (Management and Handling) Rules, 1998, MoEF, Gov. of India.

**Cytotoxic waste** may be contaminated with a cytotoxic, pharmaceuticals, laboratory chemicals used in preparation, transportation and administration.

**Chemical waste** is generated from the use of chemicals in laboratories for teaching and research

**Radioactive waste** is contaminated with radioactive substances which arises from medical or research uses.

**General waste** includes paper, plastics, glass, liquids and organics.

**Hazardous Waste**, bulk of which is generated by the industries, can cause environmental pollution and adverse health effects if not handled and managed properly. Its effective management, with emphasis on minimization of generation and recycling/reuse, taking into account economic aspects, is therefore essential.

NOW THIS AGREEMENT WITNESSETH AND IT IS HEREBY AGREED, DECLARED COVENANTED AND RECORDED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS.

**Scope:**

a) Under this agreement, for the items listed out under 'Sale Basis', Second party shall dispose of the material as per the rates agreed upon and specified in Annexure 1 and First Party shall take the Delivery at the second party's Premises. First Party shall process / recycle / dispose of the materials in the approved mode. The ownership on the materials shall pass to the First Party at the time of lifting the material.

b) The items listed out under 'Service Charge Basis', second party shall pay the service charges for disposal of the materials as per the rates agreed upon and First Party will Recycle or dispose of the said materials in an eco friendly manner and in accordance with the guidelines / laws applicable from time to time.

**Price:**

i) On Sale Basis: The price is exclusive of taxes that shall be paid extra by First Party at the prevailing rate of tax.

ii) Service Charge: The price is exclusive of taxes that shall be paid extra by the second party at the prevailing rate of tax.

**Logistics:**

The cost of logistics to deliver the material to locations where services are provided shall be borne by the First Party on both Sale Basis or Service Charge basis.

**Term of contract:** \_3<sup>rd</sup> September\_2014 to \_Lifetime\_.

**Payment Terms:**

First Party shall make the payment by Cheque/Demand Draft to the second party on taking possession of the E- Waste materials as per the rates (Sale Basis) mentioned in Annexure-1(a)

Second Party shall make the payment by Cheque/Demand Draft to the First party on or before taking possession of the E- Waste materials as per the rates (Service charge Basis) mentioned in Annexure-1(b)

**Transfer of ownership:**

The ownership of E-Waste material sold under this contract shall pass immediately upon taking possession of the material for processing, recycling or disposing of materials in the Approved Mode in accordance with the terms and conditions of this contract.

**Other Terms & Conditions:**

a) The second party makes no commitment as to the weight, volume, mix or distribution of e-waste material which may be sold under this contract.

b) First Party ensure that the e-waste sold under this contract to be processed, recycled or disposed off in an eco friendly manner and in accordance with the guidelines / laws passed by the Central or State Pollution Boards or such other authorities as may be applicable from time to time.

c) First Party undertakes that upon taking possession of e-waste material under this contract, it shall destroy all data beyond retrievable condition assuming that the second party has taken all necessary backups and copies. This data cannot be retrieved under any circumstances and the first party takes no liability whatsoever for any loss or damage arising out of its loss.

d) The infrastructure required for performance of Services will be provided by First Party at no Extra cost to the second party.

e) First Party shall exercise every reasonable safety precautions and best management practice, whether or not required by law, in the performance of its duties under this contract.

f) First Party personnel entrusted under this contract and entering into the second party Premises, subject to undergo security check at any point of time or as desired by the second party.

g) First Party hereby undertakes to defend, indemnify and hold the second party harmless from and against any and all claims, actions, clauses of action, lawsuits, damages, liabilities, obligations, costs and expenses (including court costs and reasonable attorney's fees) (collectively "Losses") incurred by, or imposed or asserted against the second party amongst other things as a result of mishandling of e-waste material and violation of the laws of State / Central Government in recycling / disposing off the e-waste material sold under this contract.

h) All the E waste generated by the second party over the course of this agreement shall only be taken care of by the first party.

i) The second party undertakes to take best precautions to store their E Waste properly and save it from breakage/leakage. If some waste is found in broken state (already hazardous) the first party reserves the discretion to pick it up or advice a secure landfill site operator to pick it up directly at client's cost.

j) A one time registration fee of Rs. 4,000/- Per Unit (for lifetime validity) and one time testing fees of Rs 3500/- per sample will be applicable at the time of agreement. Testing fee waived off by first party upon submission of declaration on letterhead by second party.

AND WHEREAS the Second Party has represented that they are the authorized, registered and licensed under Central Pollution Control Board and Haryana State Pollution Control Board and have a cost effective organization of Hazardous Waste to

safely dispose generated waste oil and has requested to purchase the Used Lube Oil from the first party and First Party has accepted the request of Second Party on the terms and conditions set forth in this agreement.

AND WHEREAS it is deemed expedient to record the terms and conditions between the parties in this Agreement.

**NOW THIS AGREEMENT WITNESSETH AND IT IS HEREBY AGREED, DECLARED COVENANTED AND RECORDED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS.**

1. That the First Party has agreed to engage Second Party on terms and conditions contained hereinafter for selling used lube oil from First Party.
2. That Second Party will purchase the used oil from first parties as mentioned above sites at rates mentioned in this agreement.
3. That Second Party shall use its best skills and judgments and shall perform all services timely, diligently and to the reasonable scarification of the First Party in a whole.
4. That the Second Party shall provide the service diligently and in conformity with the applicable laws and regulations. Second Party shall carry out the service in under the supervision of employees of First Party.
5. That the services to be provided by the Second Party are detailed in this agreement. However it is expressly understood between the parties that scope of work is only indicative of the services to be provided by Second Party and not an exhaustive list of the services to be provided by Second Party and the First Party will be entitled to add more service in the scope of work.
6. That Second Party undertakes to fulfill all the formalities and requirements of Government of India, Ministry of Environment and Forest and CPCB and other authorities.
7. That the Second Party will be responsible for collection of used oil at price indicated against each item hereunder.

3. That the Second Party will produce consent from respective State Pollution Control Board (From -2) and the approval of the disposal site from Ministry of Environment & Forest.
4. That the First Party will receive the 7 copies of manifest from the Second Party as per from 10 of the above mentioned rule.
  - Copy-1 (White): Copy 1 will be forwarded to SPCB/PCC by first party.
  - Copy-2 (Yellow): Copy 2 will be retained by first Party.
  - Copy-3 (Pink): Copy 3 will be returned by the First Party to second party.
  - Copy-4 (Orange): Copy 4 will be returned to the transporter after accepting waste.
  - Copy-5 (Green): Copy 5 will be forwarded to Pollution Control Board after disposal.
  - Copy-6 (Blue): Copy 6 will be returned to First party after safe disposal.
  - Copy-7(Grey): To be sent by the receiver to the State Pollution Control Board of the sender in case the sender is in another State.
5. That the Second Party undertakes to indemnify and keep indemnified the First Party in case of any misuse, mishandling, pilferage or spill over of the hazardous waste by the Second Party, its employee, agents and / or any authorized person thereof resulting in any penalty, liability and damages under any rule, regulation, Acts, Notification imposed by the authority concerned.

**THAT THE PAYMENTS TERMS WILL BE AS UNDER:**

1. The respective rates for used oil, payable by Second Party shall be as follows:-

S. No	Description	UOM	Lifting Charges
1	Hazardous Waste Used Oil	Per KG	Rs.4000.00/- (per drums) (Inclusive of GST)

- a. All taxes excise duties, sales taxes, wherever applicable is mentioned in net prices.
- b. All Payments to be made in advance through Cheque/ Pay Order Deposit.
- c. The transportation and any other cost required for used oil collection will be borne by Second Party.
- d. First Party reserves its right to review the rates of the used oil items on periodic basis at its own discretion.

**THAT THE DURATION OF AGREEMENT WILL BE AS UNDER:**

- This agreement shall be affective for LIFELONG.

#### Terms and conditions

1. The applicants shall maintain good house keeping both within factory and in the premises. All hose pipelines valves, storage tanks etc. shall be leak proof. In plant allowable pollutants levels, if specified by State Board should be met strictly.
2. The applicant/company shall comply with and carry out directive/orders issued by the Board in this consent order at all subsequent times without negligence of his /its part. The applicant/company shall be liable for such legal action against him as per provision of the law/act in case of violation of any order/directives. Issued at any time and or non compliance of the terms and conditions of his consent order.
3. The applicant shall make an application for grant of consent at least 90 days before the date of expiry of this consent.
4. Necessary fee as prescribed for obtaining renewal consent shall be paid by the applicant alongwith the consent application.
5. If due to any technological improvement or otherwise this Board is of opinion that all or any of the conditions referred to above required variation (including the change of any control equipment either in whole or in part) this Board shall after giving the applicant an opportunity of being heard vary all or such condition and there upon the applicant shall be bound to comply with the conditions so varied.
6. The industry shall provide adequate arrangement for fighting the accidental leakages, discharge of any pollutants gas/liquids from the vessels, mechanical equipment etc. which are likely to cause environment pollution.
7. The industry shall comply noise pollution (Regulation and control) Rules, 2000.
8. The industry shall comply all the direction/Rules/Instructions as may be issued by the MOEF/CPCB/HSPCB from time to time.

FOR LINGAYAT VIDYAPEETH

*Shweta*  
Registrar

9. The industry shall ensure that various characteristics of the effluents remain within the tolerance limits as specified in EPA Standard and as amended from time to time and at no time the concentration of any characteristics should exceed these limits for discharge.
10. The industry would immediately submit the revised application to the Board in the event of any change in the raw material in process, mode of treatment/discharge of effluent. In case of change of process at any stage during the consent period, the industry shall submit fresh consent application alongwith the consent to operate fee, if found due, which may be on any account and that shall be paid by the industry and the industry would immediately submit the consent application to the Board in the event of any change during the year in the raw material, quantity, quality of the effluent, mode of discharge, treatment facilities etc.
11. The officer/official of the Board shall reserve the right to access for the inspection of the industry in connection with the various process and the treatment facilities. The consent to operate is subject to review by the Board at any time.
12. Permissible limits for any pollutants mentioned in the consent to operate order should not exceed the concentration permitted in the effluent by the Board.
13. The industry shall pay the balance fee, in case it is found due from the industry at any time later on.
14. If the industry fails to adhere to any of the conditions of this consent to operate order, the consent to operate so granted shall automatically lapse.
15. If the industry is closed temporarily at its own, they shall inform the Board and obtain permission before restart of the unit.
16. The industry shall comply all the Directions/ Rules/Instructions issued from time to time by the Board.

#### Specific Conditions :

1. The unit will submit the analysis reports from all sources as applicable, before 30th June every year and will keep all parameters within standards prescribed under Environment (Protection) Rules, 1986.
2. The unit will submit the Annual Report under HWM Rules by 30th June and Environment Statement by 30th September every year.
3. Unit will submit fresh balance sheet/ CA certificate regarding capital investment cost of the unit on land, building, plant and machinery without depreciation and will also deposit balance consent fee if any found due as per latest balance sheet/ CA certificate, by 30th September every year.
4. Unit will apply for renewal of consent/Authorization at least 90 days before expiry date of the consent/Authorization.
5. The hazardous waste generated by the unit will be disposed off only through Authorized TSDF/recyclers / Refiners of hazardous waste.
6. Unit will apply for authorization under HWM Rules immediately and will submit request for sample collection after stabilization of STP/ETP within 3 months if applicable.

## Test Report

Sample Number : VEL/WW/2012050006

Report No. : VEL/WW/2012050006

Name & Address of the Party : M/s Lingaya's University

Format No : 7.8 F-01

Village - Nachauli Old Faridabad, Jasna Road  
Faridabad, Haryana

Party Reference No : Nil

Reporting Date : 09/12/2020

Period of Analysis : 07/12/2020 - 09/12/2020

Receipt Date : 07/12/2020

Sampling Date : 07/12/2020

Sampling Quantity : 2.0 Ltr.

Sampling Type : -

Sample Description

: Waste Water

Location

: STP Plant (Inlet)

Sample Collected by

: VEL Representative (Mr. Lavish)

Preservation

: Refrigerator

Sampling and Analysis Protocol

: APHA & IS

S.No.	Test Parameters	Test Method	Result	Unit
1	pH	APHA 4500 H+B Electrometric Method:2017	7.32	--
2	Total Suspended Solids	APHA 2540 D Gravimetric Method	164.00	mg/l
3	Oil & Grease	APHA 5520 B Partition Gravimetric Method:2017	11.50	mg/l
4	BOD (3 days @ 27°C)	APHA 5210 C Ultimate BOD Test:2017	140.00	mg/l
5	COD	APHA 5220 B Open Reflux Method:2017	392.40	mg/l
